3. **IDENTIFY** global training locations for 2016

4. **EXPAND** organizational capacity to pursue opportunities for church planting movements.

I NITIAL INVESTMENT IMPACT AT ZIMBABWE CHURCH PLANTING TRAINING...

November 10-14, 2014, Harare, Zimbabwe:

- Began with 42 churches attending on Monday with 4 representatives per church
- Ended with 63 churches attending by Friday as leaders traveled home each night excited to “tell others” who then continued to join the training each day. We had to cap attendance!
- Over 200 church and ministry leaders attended, including the largest denomination in the country representing thousands of communities, churches, families and children. Potential of over 3,500 churches using Awana and 350,000 children to be further impacted with the Gospel.
- Attendees presented their vision, plans and timelines at the end of the week for their future church multiplication ministry over the next few years. **Their overall team presenta-**

tions and written goals are to recruit and train over 2,500 new leaders with a vision to reach 2.038 million people with the Gospel through church planting. This will be accomplished by the new remix of planting churches through children, youth and families. This new vision will be realized by equipping leaders, empowering children and engaging communities with the Gospel.

Training attendee quotes from ZimZam Global Training — Nov. 10-14, 2014, Harare, Zimbabwe:

Thank you very much for having this important time with us. You have impacted something which no one will steal from us. -- Betty

The training program has been very profitable and eye opening in terms of emphasis on the value of children in church planting. I have been inspired not only to plant churches, but also to prioritize the place and importance of children, youth, and young adults. -- Benjamin

I would like to thank the ZimZam Global team for giving us this opportunity to be trained as church planters. I have discovered that children are very important in the ministry... -- Elton

I just want to thank you for transforming my mentality when it comes to children and church planting. I have learned a lot from you guys and because of your teachings Zimbabwe is not going to be the same. There is going to be a serious revival in our nation through us, using the teachings and the principles you guys have given us. May God richly bless you. -- Lynel

It was eye opening to learn how children can be instrumental in today's church: doing ministry with our children in planting churches and reaching communities. Personally, I now have a new understanding and great appreciation for children's role in the church. Our African culture has always regarded adults as "the people" and children least of any church program. Thank you very much for such insight. I believe leaders' perspective about children has been changed and we will be able to reach our communities more effectively. -- Idah

We would like to thank ZimZam Global sponsors for giving us a powerful training that is going to transform our communities and our country as we shall implement what we have learned. We would like to say "thank you." May the Almighty God bless you. -- Pastor W.

Great appreciation goes to your generosity, passion, and love of doing God's work, that's to spread and equip others like me to spread the Gospel of the Lord. -- Mr. A.

On behalf of myself, my family and my church, I would like to thank God who gave life to you our sponsors overseas and families to give you the desire to give out that which I have received through the men of God you sent to Africa. Thank you. I do promise to use all materials covered to spread the Gospel of Jesus Christ and [be] active in planting churches. -- Elder Nelson

I...thank all the facilitators for the treasure they deposited in us. I now understand the value of children. I also thank those that financially sponsored this training—I understand lots of money was invested to make this program a success. We are grateful. We received ministry material, food, and knowledge which will help us plant and grow our churches. Thank you very much, ZimZam Global sponsors. May the good Lord bless you all. -- Mary

I would like to take this time to thank the ZimZam Global sponsors for bringing to us an effective program which empowers us, which educates us... It is my prayer that may God the Almighty grant them their rewards. May God renew the strength of the ZimZam Global team. -- Gift

ZimZam Global is Now Poised for Expansion and Acceleration in 2015 and Beyond...

Dear Friend,

When you realize that children under 25 comprise the largest segment of the world's population, you begin to understand our emphasis on reaching children — and, through them, reaching their communities for Jesus Christ. This is the model we're promoting for church planting around the world.

I'm convinced that our "Church Planting Remixed" model is going to rapidly accelerate the growth of God's Kingdom. That's why I'm providing you with this brief Report of our ministry activity during 2014. We're confident that you, too, will be excited to see how God is using ZimZam Global to advance the Great Commission through healthy church multiplication. If you aren't already, will you consider becoming a ZimZam Global ministry partner?

Dave Meyers, President

EQUIP LEADERS • EMPOWER CHILDREN • ENGAGE COMMUNITIES

ZimZam Global is dedicated to

- Equipping Leaders
- Empowering Children
- Engaging Communities

Traditional church planting efforts have focused on adults who have spent lifetimes steeped in cultural and religious beliefs that are resistant to the Gospel. But by reaching children first, we can build a strong foundation that can have a dramatic impact for Christ upon their families and communities. To learn how you can lend a helping hand, contact us at the number below or visit our website.

Thank you!
